Tesla CEO Elon Musk is pictured as he attends the start of production at Tesla's "Gigafactory" in Gruenheide, southeast of Berlin in Germany. on March 22, 2022. Tesla held an investor day on Wednesday. It did not reveal a new vehicle, but it unveiled some of its big-picture ideas on climate change. Patrick Pleul/POOL/AFP via Getty Images hide caption

Anticipation had built for days. Tesla was poised to unveil a new strategic plan at its Investor Day, only the third time the company has laid out a "master plan" that would guide its future.

Analysts were eager to see a new Tesla model -- specifically, a much cheaper Tesla, one that could make the most popular electric vehicle brand in America accessible to a far broader swath of buyers.

But at its Investor Day on Wednesday, Tesla did not reveal that vehicle.
