The church and churchyard within the abbey precincts includes tombs and memorials to many of the aristocracy of the area

Popular tourist attractions in and around the city

One of the finest examples of norman architecture in britain

We hope you enjoy your visit to Tewkesbury Abbey. The Abbey is open from 9:30am until 4pm daily. Entry is free but we would ask all visitors to leave a donation towards the upkeep of the Abbey.

When you visit Tewkesbury Abbey on a Tuesday, Wednesday, or Thursday, you'll be greeted not just by the historic building but by two friendly black Labradors named Eric and Florence.

Eric, aged 10, and Florence, aged 9, work as welcomers and belong to Head Verger Chris Skepper.

"They're very calm and friendly. They are not trained therapy dogs, but Eric and Florence naturally perform that role. They tend to have a soothing presence on people - visitors have found comfort and joy in simply sitting and stroking them," Chris said.

There are plenty of car parks within easy walking distance of the Abbey; all are pay and display

For more information on Tours of the Abbey and its great history, please [click here](#)

We have ramps around the Abbey allowing access for wheelchair users to the majority of areas. Unfortunately some parts of the Abbey are inaccessible to those with mobility problems; these include the Tower and the Upper Room.

A wheelchair is available in the Abbey for loan. The Abbey has a loop system, which is on throughout services.
