Biesterfeld Petroplas Ltd is a leading polymer distributor in the United Kingdom and has been since 1986. Biesterfeld Petroplas has partnerships with some of the world's largest producers of both commodity and engineering polymers.

These partnerships have been developed over many years, which has allowed us to maintain a wide ranging portfolio to serve most industries. Some of these suppliers include Celanese, CP Chem, LG Chem, DuPont, Solvay, Chimei, ExxonMobil, Grupa Azoty, Dow, SK Chemicals, BASF and Plastic Bank. Furthermore Biesterfeld Petroplas offers rubbers and speciality chemical products and solutions

Solid application expertise, formulation know-how and a product portfolio carefully tailored to the needs of selected industries define the company's approach. With a highly experienced and technical sales team, we offer unparalleled service levels to our customers. We have logistics partners strategically placed across the United Kingdom and Ireland which allows us to offer a competitive, flexible delivery service.
