We provide an interest-free loan of up to \$8,800 for the installation of a solar battery system. This reduces the upfront cost and is repaid monthly over 4 years.

As a Victorian householder, you could be eligible for a solar battery loan if:

Battery storage may not be suitable for all households, budgets and circumstances. Check if a battery will suit you.

The solar battery loan is not available to homes under construction.

You have 120 days to complete the installation from the date the loan is approved.

As part of your application you will need to supply:

Attach copies of 2 of the following:
