I may be a native speaker of French, but my parents originally came from German-speaking Switzerland and I myself worked in an Italian-speaking area for a while and enjoy travelling to all parts of the country.... I live in a neighbourhood in which over 100 different nationalities live together in peace and harmony.... I greatly appreciate this diversity.

Switzerland is the world's only country where there are four national languages. These include French, Rumantsch, German, and Italian.

This isn't the only thing that makes this beautiful country unique.

Can I challenge you to name famous things from Switzerland, before you look at our list?
