

Yaounde electricity rates

The rates for the sale of High Voltage electricity to new subscribers shall be set according to the contracts signed between Eneo Cameroon and the said subscribers, following the ruling of the Electricity Regulatory Agency, in accordance with the provisions of the specifications of Eneo Cameroon's framework concession and licence agreement.

Applying regulated electricity rates to the prepaid sales system: same rates for post-paid and prepaid

Electricity rates L'opérateur majeur du secteur de l'électricité au Cameroun fournit ses services aux particuliers et entreprises. MyEasyLight, votre Agence en ligne pour vous abonner, gérer votre compte, payer et suivre vos factures en toute transparence.

The new rates have been in effect since November 1, 2024. Eneo's Senior Electricity Manager, Ebenezer Tedjouong, explained the changes: "In the past, prepaid customers could buy the first 150 kWh of electricity at CFA50 per kWh. However, many customers were consuming 220 kWh or more in a single month.

(Business in Cameroon) - Starting November 1, 2024, Cameroon's electricity distributor Eneo will standardize electricity rates for all consumers under both prepaid and postpaid plans. This change follows a directive from the Electricity Sector Regulatory Agency (Arsel), aiming to ensure that all consumers, whether residential or commercial, are ...
